

Internship Progress Report

Re: Progress report - Machine Learning, July 2026

To:

School, university, employer, or verification office

This progress report summarizes Marriam Fatima's available assignment, attendance, resource, and activity evidence for the FlyRank AI Internship - Machine Learning, July 2026.

Progress reports are generated for a selected recurring or ad hoc period from the portal ledger and additional reviewer-confirmed activity.

If a university requires a specific hour target, FlyRank records that target through support before issuing the final report.

During this reporting period, the intern completed 36 practical assignments, representing 142.5 estimated hours, including Consistency, Not Talent (and Frame, Not Upstage), Make It Do Something, The Plan to Keep Building, and Break Your Own Site, plus 32 additional items.

3 capstone submissions were recorded during the period and remained pending acceptance at the time this report was prepared.

The participation record also includes 36 attended events or recordings (48 estimated hours) and 8 completed learning resources (12 estimated hours).

Verified Anthropic Academy completions for the period represented 40 estimated hours and included AI Fluency: Framework & Foundations, Claude 101, Introduction to Claude Cowork, and AI Capabilities and Limitations, plus 16 additional items.
